IFAI Announces 2015 International Achievement Award Winners

(Anaheim, Cali. – Oct. 8, 2015) – The Industrial Fabrics Association International (IFAI) announces the 2015 International Achievement Awards (IAA) for design excellence in specialty fabrics applications at the IFAI Expo, the largest specialty fabrics trade show in the Americas, held this year at the Anaheim Convention Center in Anaheim, California.

For more than six decades, IAA has recognized excellence in design and innovation, highlighting truly spectacular work in the specialty fabrics and technical textiles industry. The goal of IAA is to promote awareness of the specialty fabrics used in thousands of products and applications in the growing, \$130 billion-plus dollar global fabrics marketplace.

IFAI received a total of 292 entries from 11 countries that were submitted for 32 categories in this year's competition. Winners were selected based on complexity, design, workmanship, uniqueness and function. Judges included industry experts, editors, architects, educators and design professionals.

The International Achievement Awards competition is sponsored by IFAI, a not-for-profit trade association whose over 1,500 member companies represent the international specialty fabrics and technical textiles marketplace.

For winners & other entries, photos, and detailed project descriptions, visit www.ifai.com/iaa and select the gallery.
